PROFESSIONAL EXPERIENCE

Climate Tech Cities × Streetlife Ventures

AI & Operations Intern

New York, NY

June 2026 - Present

- Selected as 1 of ~30 interns from 1,000+ applicants and matched to a climate-tech venture platform, leading AI workflow automation
- Diagnosing recurring editorial workflows and building an AI tool reused each cycle, cutting 5+ hours from a 1,000+ event city guide
- Building a five-stage outbound automation spanning source discovery, event harvesting, and drafting for the venture platform
- Built the 60+ page chapters section of the firm's public site, leveraging AI to generate mockups and cut iteration from weeks to days

Bridge Philanthropic Consulting

Business Development Intern

New York, NY

March 2026 - May 2026

- Evaluated market and competitive dynamics to identify client opportunities and assist with business development strategy planning
- Analyzed nonprofit funding landscapes and networks, sourcing 40+ prospective donors and strategic partnerships for a client deal
- Leveraged 3 AI models to streamline prospect research and pitch material development, reducing preparation time by over 50% and identifying 60+ new grant funding opportunities to further expand BPC's Dallas-area philanthropic donor CRM database system

Project Destined

Real Estate Private Equity Intern

Remote

October 2025 - December 2025

- Completed financial modeling, valuation, and deal analysis training led by private equity professionals and mentors, participating in 3 team-based case studies and 1 individual case competition evaluating private equity investments, leverage, and capital sourcing needs
- Analyzed key financial and macroeconomic indicators, including regional demographics, interest rate trends, and regional development activity, to assess profitability, leverage, and capital structure for acquisition proposals evaluated across growing regional markets

YAEL Bio Lab

Data Analytics Intern

New York, NY

July 2025 - August 2025

- Analyzed and optimized digital expenses through data-driven A/B testing, reallocating budget to higher-performing client outreach initiatives to achieve ~35% increase in client website engagement and ~20% reduction in user acquisition cost efficiency metrics
- Interpreted Google Analytics performance data and presented actionable insights to upper management, such as adjusting location targeting and client-outreach frequency strategy refinement, to guide strategic decisions and maximize overall return on investment

LEADERSHIP & ACTIVITIES

TAMID at Baruch College

Consulting Analyst

New York, NY

October 2025 - Present

- Analyzed the PepsiCo-SodaStream \$3B+ M&A transaction to assess financial performance and long-term value creation, developing 2 strategic recommendations on geographic expansion and distribution based on comparative industry and consumer market analysis
- Conducted economic impact and market-sizing analysis for a conservation startup to quantify financial losses associated with degradation of the Dead Sea, producing 3 data-driven insights to advocate for government support of company initiatives policy

Student Government Association, Pillar College

Vice President

Somerset, NJ

August 2023 - May 2024

- Directed an 8-member leadership team, coordinating weekly campus initiatives and assuming presidential duties when necessary
- Increased campus participation by planning and executing fundraisers and campus events, engaging 100+ student and staff members
- Collected and analyzed survey data on student body concerns, presenting actionable solutions to faculty and senior administration

KPMG Ace the Case

Business Case Analysis Participant

New York, NY

July 2026

- Evaluated a tennis club's proposed winter dome expansion with a 6-person team, weighing capital costs, demand risk, and return

BNP Paribas Sophomore Opportunity Summit

Strategy & Transformation Participant

Remote

January 2026

- Participated in a highly selective program, gaining direct exposure to internal consulting and risk strategy initiatives at BNP Paribas
- Collaborated with a team to solve a timed case, preparing a solution in 30 minutes and presenting it to BNP analysts and recruiters

PROJECTS

UPS Operational Diagnosis: Assessed a volume-for-margin trade-off from SEC filings in an answer-first memo, model, and deck
